

Oranka

ORANKA brand Quality.
Naturally healthy with zinc+C.

Brand quality in a beverage system.

Four new ORANKA refreshment beverages now cater for an even more healthy and fruity variety. Enjoy our delicious flavours **pear, cherry-banana, rhubarb and lemon** and notice the additional health benefits of the extra zinc and vitamin C yourself.

Just one glass of **ORANKA zinc+C** (200 ml ready-to-drink beverage with 20% fruit content) already covers 30% of the recommended daily allowance (RDA) of the important mineral zinc and 50% RDA of vitamin C.

ORANKA. Naturally healthy.

You would like to find out more about our innovative beverages and are interested in personal and competent advice from an ORANKA employee?

We would be happy to hear from you.
